

*"Your pain is the
breaking of the shell
that encloses your
understanding.*

*Even as the stone of
the fruit must break,
that its heart may
stand in the sun, so
must you know
pain"*

WELCOME BACK!

My name is Zulema Sierra, I am a senior majoring in Technical Journalism, and I am the newsletter editor for El Centro Student Services. I am proud to say this is my fourth year working at El Centro and it keeps getting better. I have been involved at Colorado State University in many ways: university sponsored programs, student organizations, community service, study abroad, leadership conferences, etc. I am very well rounded and feel confident enough to answer any questions you

may have. The newsletter basically has two purposes: The first reason is to put the word out and inform all students on the events and services that our office has to offer. Secondly, to give knowledge on anything that I feel will enhance your mentality. Please feel free to direct questions to me. I would be happy to talk about my experiences abroad and near. Welcome back!
